

# *Productivity*

---

**“The productivity of the Deere 2112E ejector scraper has been a great asset to our company. We rented an 18 yard scraper for a period of time and when it came time to buy we decided to go for the **increased capacity of a Deere 21 yard unit.** Being able to haul an extra three yards every cycle has really increased our ability to move a lot of dirt in a day. This extra capacity has **reduced our operational cost per yard by almost 30%.** When we get our next unit it will be a **John Deere 9520 scraper tractor and a Deere 2112E scraper from Atlantic Tractor.**”**
